Sir,

With reference to para 2 of Govt order No. 2133-5 dated 9th August 1897. I have the honor to submit herewith letter No 49 dated 29th Septr 1897. from the Supdt of the Indigenous Hospital Mysore regarding the qualifications and method of treatment of the Native Pundit of Saligrama pattana. From the reports, it is plain that he has been really useful to the people, and deserves encouragement. I request therefore that you will be kind enough to obtain the sanction of Government to continue the allowance which he was getting hitherto from the Municipal funds of Saligrama pattana.

With reference to your District
No 604 Dated 13-8-97 directing
me to submit a detailed report
upon the native Pandit employed
under the Municipality at Seringa-
patam as to his qualifications
and method of treatment &c, I beg
to state that I have inspected
the place of business of Pandit Alla-
-Pingarea and found the number
of patients attending every day
is about 40. He has kept a
daily register of Patients and
a return book showing the
number treated during the month
and a copy of that return is sent-
to

to the Municipality every month.
I saw the Certificates given to
him by several of the Monsiffs,
Amildars and Hospital-Assistants
who had testified and supported
him as to his qualifications
and skill of treating his patients
by native method.

On enquiry, I was informed
by the Amildar and other res-
pectable persons of the place
that the Pundit is very popular
and useful to the people of Seringa-
patam and its neighbouring
villages. They say that he has
good medicines for cholera
and cured many in the town
and adjacent villages. His
services are much appreciated
by people of the town during the
time of Epidemic for his bold
and careful attendance on his
patients or to those who seek
help from him at that time.
I inspected the cholera Register
kept by him from the year 1889,
and

and found that he has treated 291 cases and Cured 247.

Also I came to understand that in the year 1892 he got a present of Rs 50 from Government for having successfully treated cholera cases in the town, Ganjam, and other surrounding places, again he received Rs: 20 from the Municipality for the preparation of medicines during the prevalence of cholera this year.

The Pandit states that upon the recommendation of the Sub-Divn officer of French Rocks he was getting some allowance every month from Govt for a bout a year or so, on account of his popularity and careful attendance low and his patients as a temporary measure.

As regards his qualifications I found him that he has some knowledge of Indigenous Drugs and knows the native method of treatment. He has a pretty good stock of medicines in his Dispensary.

and on examining them I found they were prepared according to the Ayurvedic System.

In conclusion, I beg to say that the Pandit is very popular a poor and Conscientious man and he deserves encouragement.

I beg to remain
